About the “ICPST”-2019

Members of the Organizing Committee cordially invite all Researchers & dedicated workers in the fields listed below to participate actively and present research papers in the INTERNATIONAL CONFERENCE ON PHYSICS, SOCIETY AND TECHNOLOGY-2019 (ICPST-2019) being organized by Department of Physics, Deshbandhu College (University of Delhi) Kalkaji, New Delhi. The aim of this conference is to bring together Physicists, Young budding researchers, Students, Corporate world stalwarts and Environmentalists. This will provide an excellent meeting place for exchange of ideas in a congenial atmosphere leading to emergence of novel ideas which when put in practice would be beneficial to students in particular and society at large. Conference is also open to Industry Personnel to show case their products and developments. There shall be both oral and poster presentations of contributed research papers besides invited talks by stalwarts.

Physics Education

- Emerging technologies in physics education
- New paradigms in physics education Research
- Role of diversity in physics education research
- Models and modeling in physics education
- Graduate level courses in physics, and pedagogy

Physics-Society Connect

- Development of skill for environment cleaning and sanitation
- Ecological management models and quantification of the impacts of different models on ecological environment
- Analyses of land use changes, eco system services and human well-being
- Weather forecasting, optimal use of water and rain harvesting
- Energy harvesting from wet waste
- Nuclear technologies in power generation, smoke detectors, industry, agriculture, food preservation by irradiation, healthcare

Publication of Accepted abstracts:

All the accepted abstracts will be published in reputed journal after peer review

Physics

- (i) Strongly Correlated Electron System (SCES) and Holographic duality
- (ii) Time crystal and hyperbolic metamaterial
- (iii) General Relativity and Quantum Cosmology
- (iv) Nuclear and High Energy Physics - Theory and Experiment
- (v) Soft Matter Science, Bioelectronics, Photonics Biosensing, Renewable Energy Technology, MEMS and NEMS
- (vi) Celestial Mechanics
- (vii) Applications of
 - Multifunctional and Composite Materials
 - Nanomaterials
 - Topological Material
 - Quantum Information and Computing
 - Quantum Entanglement
 - Artificial Intelligence
 - Nonlinear Optics
 - Spintronics
 - Nonlinear Photonics and Plasmonics
 - Nonlinear Dynamics (Chaos and Fractals)

Physics-Technology-Industry

Connect

- Physics and Technology
- Physics - industry interface
- Industrial support of physicists
- Employment opportunities of physics graduates in industry

Important Dates:

Submission of Abstract Begins:

20th September 2018

Extended Last Date of Submission of Abstract:

15th December 2018

Acceptance of Abstract:

20th December 2018
